The Traitors at Chicago.

Since the news was transmitted to the Pacific coast of the action of the Chicago Convention, every newspaper in the employ of the rebel government has echoed its sentiments and endorsed its platform. That it was controlled by emissaries from Jeff. Davis, no copperhead in Oregon will successfully deny. That the framers of the platform were publicly convicted thieves is a truth with which all the world is familiar, their own consciousness of which was evinced in an effort to procure President Lincoln's personal and official guarantee of their safety while journeying through the Northern States, when they contemplated a trip to the National Capitol, and a visit, *en route*, to the heads of the rebel consistories through the free States. All the traitors, North and South, are whining over the determinate measures of our Government to squelch treason, and crying out about Constitution, *habeas corpus*, etc., just as petty thieves always complain of a police judge. The traitors have adopted a platform which "says 'nay'" against every effort to maintain the integrity of the Union, but it has nothing to say against rebellion. It intimates that Abraham Lincoln inaugurated the war, thus ignoring the truth of history, because the innate principle of the Convention was so pregnant with dishonesty that it preferred a lie to the truth. But it seems that Saunders, Vallandigham & Co., counted without their host, and nominated a man who would not stand upon a staging of their construction. From the tone of their press, McClellan cannot be their candidate after all. From the dispatches published this morning, it will be observed that the "hero of Antietam" reaffirms his West Point speech, remaining, emphatically, a war Democrat. How the miserable spouters of treason will contrive to eructate the bitter pill which they swallowed last week remains to be seen; but like obedient spaniels, they will not do otherwise than throw him up so soon as their masters pronounce him guilty of being comparatively loyal to his oath and country. We quote below some of the sentiments with which McClellan's ideas conflict. The [illegible]digham's special organ, has the following which is as purely rebel as though coming from the organ of Jeff. Davis. It says:

> Believing that a reconstruction of the Federal Union is now impossible—that the war for its restoration has proved an utter failure, and that its further prosecution will end in subversion of the remaining liberties of the people, we shall, therefore, advocate an immediate cessation of hostilities, and the appointment of commissioners, empowered with authority to treat, subject to the approval of the people of the remaining States, with like representatives from the Confederate States of America, upon all questions incident to just and honorable terms of *separation*.

When Gen. Grant wanted 100,000 more men, and said that with that number he could subdue the rebels in ten days, the New York *World* responded:

> We want all the men we can keep home to supply our scanty labor market, *and vote the 'Democratic ticket next fall.'*

When the object of the Northern traitors became understood, and their leaders discouraged enlistments as above, a sense of duty to the country compelled our loyal officers to arrest them for treason. The Cincinnati *Enquirer* enunciated the following sentiment:

> It is the prosecution of the war that endangers personal liberty. The only way to maintain the latter is to stop the war.

McClellan cannot swallow these doses, and the Chicago Convention will doubtless hold an adjourned meeting to reconsider their judgment, and invite a return to their deliberations of Harris of Maryland.

LINN COUNTY FAIR.—We learn that the Fair at Boston, on Wednesday and Thursday, was a grand affair. There were far more people in attendance than at any previous Fair of the Society's, and everything passed off handsomely. A painful occurrence happened on Wednesday evening. Albert Lamaize and William Cochran, two lads of thirteen and fifteen years, were riding around the track in opposite directions. The horses came suddenly together with terrible force, knocking each other down. Lamaize had his right leg broken above the knee, and Cochran's right leg midway between the knee and ankle, was broken. The horses were also badly injured.

The dwelling house of Captain John A. Winslow, captain of the *Kearsarge*, in Roxbury, Massachusetts, was entered on the 7th of July, about one o'clock, by a midnight burglar. The son of the captain awoke and found the burglar searching his pantaloons. The robber fled without securing any plunder.

THERE is great excitement in Chatham, Canada West, on the oil question. A large vein has been struck at the depth of 422 feet. A new flowing well has been opened at Enniskillen at the depth of only about 40 feet.

A cheese factory in Powlet, Vt., supplied with the milk of four hundred cows, makes daily ten or twelve cheese, weighing over one hundred pounds each. They command two cents a pound more in the market than ordinary cheese.

"Long John" Wentworth, of Chicago, ex-Mayor of that city and ex-member of Congress, has taken the stump in Illinois for Lincoln and Johnson.

Our politicians say it is sweet to die for our country, sweeter yet to live for it, and sweetest of all to live on it.

Let it be recorded that on the 16th of June 1864, the Mississippi river at Keithsburg, Ill., was waded by C. J. Simpson, a man five feet eleven inches in height.

CINCINNATI, Sept. 8.—Henry C. Lord declines a Democratic nomination for Congress in the 2d District. Jas. C. Butler was nominated instead.

NEW YORK, Sept. 9.—The *Herald's* Fort Gaines correspondent dated the 30th says:

Our troops effected a landing at Cedar Point, 3 miles above Dauphin Island within 25 of Mobile. The road running to Mobile is held by the rebels. It is reported they have no fortifications on this road except near the city.

The *Herald's* correspondent with Grant, under date of the 7th: Yesterday a large number of deserters entered Butler's lines along the whole line. They were impelled to leave the Southern armies by reading the recent generous order of the Lieut. General. They say that a more general circulation of the order would have the effect of bringing the rebel soldiers to our lines to the number of one hundred thousand; and also says: The impression prevails among the soldiers that the Chicago Convention meant peace, but if they thought they had to endure another campaign, Lee's army would fall to pieces. They report strongly and with apparent truthfulness, a great and real weariness of the war. Patriotism has given way to lassitude and continued to heartlessness and hopelessness.

The *Herald's* Harper's Ferry correspondent of the 8th says: Military matters are unchanged. The rebels retreated up the valley yesterday, and were west of Occoquan river followed closely by our cavalry. Early had his headquarters at Berryville day before yesterday. A batch of official dispatches, printed orders, etc., relating to the rebel army were found at the house occupied as headquarters.

The 3d division of cavalry under Gen. Wilson skirmished with the rebel's rear guard all day yesterday. Officers from the front to-day report all quiet.

Charlestown and Midway, between this point and Sheridan's army, are now garrisoned by our troops.

WASHINGTON, Sept. 8.—The following is an extract of a letter from Gen. Grant at his headquarters City Point, Va.:

E. B. Washburne—Dear Sir:—I state to all citizens who visit us, that all that is wanted now to insure the early restoration of the Union is a determined unity of sentiment in the North. The rebels have now in the ranks their last man. Boys and old men are guarding prisoners and railroad bridges, and forming a good part of the garrisons for the intrenched positions. [illegible] the grave equally to get their present force. Besides what they lose in frequent skirmishes and battles they are now losing from desertion and other causes, at least one regiment per day. From this drain upon them the end is not far distant, if we will be only true to ourselves. Their only hope now is in a divided North. This might give them reinforcements from Kentucky, Maryland and Missouri, while it would weaken us. With the draft quietly enforced the enemy would become desperate and will make but little resistance. I have no doubt that the enemy is exceedingly anxious to hold out until the Presidential election. They have many hopes from its effects. They hope for the election of a peace candidate; in fact, like Micawber they are waiting for something to turn up. If they expect a peace from separation they are mistaken. It would be but the beginning of a war with thousands of Northern men because of our disagreements, and make men willing for separation in order to have peace on any terms. The South would demand restoration of the slaves already freed. They would demand indemnification for losses sustained. They would demand a treaty which would make the people of the North slave hunters of the South.

(Signed) U. S. GRANT.

NEW YORK, Sept. 8.—Geo. B. McClellan accepts the Chicago nomination.

He says the existence of more than one government over the region once owned by our flag is incompatible with the peace, power and happiness of our people. The preservation of the Union was the avowed object for which the war commenced. It should have been conducted for that object only and in accordance with those principles which I took occasion to declare when in active service. Thus conducted, the work of reconciliation would have been easy. We might have reaped the benefit of our many victories on land or sea. The Union was originally formed by the exercise of a spirit of conciliation and compromise; to restore and preserve it, the same spirit must prevail in our course and on the part of the people. The establishment of the Union in all its integrity is and must continue to be the indispensable condition in any settlement so soon as it is clear or even probable that our present adversaries are ready for peace upon the basis of Union. We should exhaust all the resources of statesmanship practiced by civilized nations or taught by the traditions of American people, consistent with the honor and interest of the country, to secure such a peace, re-establish the Union and guarantee for the future the constitutional rights of every State. The Union is the only condition of peace; we ask no more. Let me add what I doubt not was, although unexpressed, the sentiments of the Convention, as it is of the people they represent, that when any one State is willing to return to the Union, it should be received at once with a full guarantee of all its constitutional rights. If a frank, earnest and persistent effort to obtain the object should fail, the responsibility for ulterior consequences will fall upon those who remain in arms against the Union. But the Union must be preserved at all hazards. A vast majority of our people, whether in the army, navy or at home, would, as I would do, hail with unbounded joy a permanent restoration of peace on the basis of Union under the Constitution, without the effusion of another drop of blood. But no peace can be permanent without the Union.

As to the other objects presented in the resolutions of your Convention, I can only say that I should seek in the Constitution and the laws framed in accordance therewith, a rule for my duty and limits of my executive power, and endeavor to restore economy in public expenditure, to re-establish the supremacy of law, and by the operation of a more vigorous nationality, resume our commanding position among the nations of the earth. The condition of our finances, the depreciation of paper money and the burdens thereby imposed on labor and capital, show the necessity of a return to a sound financial system: while the rights of citizens and the rights of States, and the binding authority of law over the President, army and people, are subjects of not less vital importance in peace than in war.

NEW YORK, Sept. 9.—The *Commercial's* Washington special says:

All the officers and soldiers on detached duty are ordered to their regiments.

Lee evidently defers the grand attack until reinforced.

No demonstration has been made by the enemy since Wednesday.

Recruits are hurrying to the front this week, especially from Pennsylvania, more rapidly than at any previous time. The total number of men pass through the city daily are not less than 1500. The class of men now coming are among the best who have yet entered the field.

The Navy Department by its new order, that after the 10th negroes shall be enlisted into the naval service for less than two years.

The statement that Fessenden will call for a temporary loan of fifty millions is premature.

War democrats are entirely satisfied with McClellan's letter.

The peace men are silent.

An officer who arrived from Atlanta says that Hood's army is demoralized and in the condition of a mob.

Sherman's communications have been completely restored.

The transport *Nightingale*, from Key West, arrived to-day, reports that on the 6th while in latitude 31° 20' and longitude 71° 54', she was pursued several hours by a side wheel steamer. She had two smokestacks, was painted a lead color and was a fast sailer, but the breeze coming on, the *Nightingale* set all sail and escaped.

The *Tribune's* Harper's Ferry correspondent has the following:

A detachment of our cavalry yesterday crossed the Opequan and drove the rebel pickets within five miles of Winchester, where the enemy's infantry were posted in force. The infantry advanced on our cavalry, who skirmished back to within a short distance this side of Berryville.

The *Tribune's* special from the Army of Potomac the 7th, says:

A battle seems imminent and inevitable. The rebels have been largely reinforced from Early's department, and were yesterday drawing into a position most precarious to themselves, though they are not aware of it.

The public may look for stirring news from this quarter immediately. Our recent successes have infused new pride and spirit in our army. Yesterday was full of preparations for victory in the coming struggle.

At a McClellan ratification meeting last night a calcium light exploded, killing a young woman and wounding several persons.

LOUISVILLE, Sept. 9.—Col. Holburn of the 11th Kentucky cavalry captured Col. Jessie and one hundred and fifty men yesterday. They were encamped near Ghent, Ky., being surrounded, they surrendered without firing a gun.

NEW YORK, Sept. 10.—The *Herald's* City Point correspondent of the 8th says:

Deserters and prisoners brought in a day or two ago state that Lee moved his headquarters in the neighborhood of Ream's Station with the avowed intention of giving battle. If true, we probably are on the eve of another terrific contest. The preparations offensive and defensive are admirable. Lee will have to elect between allowing us to retain the occupation of the Weldon railroad and attacking entrenched positions. Yesterday morning at 12 o'clock the rebels attacked our advance picket posts of the 5th corps, driving them upon the line, capturing 11.

Grant visited Wilcox's front to-day viewing the recently constructed works.

The branch railroad to City Point will be in operation in a few days to every point of the line, dispensing with the difficult transportation over lengthy high roads. The feature of the new road is that it runs up and down the hill without reference to grading. The road is now open to the Jerusalem plank road.

The *Tribune's* special Harper's Ferry correspondent says our cavalry have been almost constantly skirmishing with the enemy's pickets, driving them where they were unsupported by infantry, and retreating whenever too strong. Early manifests no further desire to attack, but seems only anxious to retire with the least annoyance.

It is stated that Averill in falling back from the vicinity of Martinsburg was less fortunate than was asserted yesterday, but nothing like disaster or a serious injury befel him.

Warm days and cold nights begin to tell on our men inducing chills and fevers to considerable extent.

The *World's* Washington special dated 11:30 P. M., of the 9th says: It is rumored in this city that Mobile had fallen. The information is said to have come from rebel deserters, who say Dog river bar was passed by the whole fleet. After a terrific shelling of the city it surrendered, the troops retiring to the interior.

Intelligence from Petersburg and Shenandoah Valley, leads to the conclusion that Early's forces are reinforcing Lee. It is quite certain that Lee is massing reinforcements in front of the Weldon railroad, and is believed to be from Early's command. A reconnoissance towards the Shenandoah Valley.

NEW YORK, Sept. 10.—The *Evening Star* from New Orleans, the 3d, says:

Our forces occupied Clinton two days and nights. They made a demonstration on Berwick City, but accomplished nothing.

It is reported that the rebels are preparing a formidable expedition to attack Brashear City or some other point.

Banks will come north probably on the steamer of the 15th.

The gunboat *Selma* and the ram *Tennessee* now lying at New Orleans, are attracting much attention.

On her last trip to New Orleans the *Creole* was chased by a pirate.

Gen. Granger has not returned to Mobile Bay from New Orleans.

There will be no important military operations until he does. In the meantime preparations for work going on.

SAN FRANCISCO, Sept. 10.—Private dispatches of the 9th from New York quote gold at 232@235 @236.

SAN FRANCISCO, Sept. 10.—A telegram from Virginia City last night says: The whole Democratic county ticket is elected by about five hundred majority over the People's Union and the Regular Union tickets. The Constitution is adopted by an almost unanimous vote. Bradford, Democratic candidate for Delegate to Congress, has over 1,200 majority over Fitch and Chadebaugh, Union candidates.

The Democratic State Convention have nominated John T. Doyle, of San Francisco, and B. T. Barber, of Tuolumne, Electors at large. For Congress, First District, John G. Downey, of Los Angeles; Second District, James W. Coffroth, of Sacramento; Third District, Jackson Temple, of Sonora.

THE FAMILY OF OLD JOHN BROWN ESCORTED BY SOLDIERS ACROSS THE PLAINS TO CALIFORNIA.—The Camp Douglas, U. T., *Union Vedette* of 27th of August gives the following interesting item:

By a letter from Camp Connor, near Soda Springs, Idaho Territory, we learn that Lieut. Shoemaker, of Company H stationed there with fifteen men of the command, had been sent out as an escort to the family of John Brown, of Harper's Ferry notoriety. The family consists of the widow of Brown, his two daughters and one son—the only one who has not been killed, and is now emigrating to California. They were under the impression that the son was in danger of assassination at the hands of certain parties who were on his track, and requested the escort at the hands of Capt. Black, who commands Camp Connor.

FURTHER AND CONCLUSIVE
TESTIMONY
CONCERNING THE
TILTON AND M'FARLAND
SAFES!
A TRIAL TEST!

THIS IS TO CERTIFY THAT WE PURCHASED on the THIRD INSTANT, of Mr. J. Tillman, the Agent in this city of Tilton & McFarland, one of their BEST Safes, with [illegible] STEEL VAULT, and WARRANTED by said Agent to be Fire and BURGLAR PROOF, a true sale. The outside door of said Safe is [illegible] their Six-tumbler Key-Lock. The door of the inside vault is fastened by their Six-tumbler Key-Lock and a Five-ring Combination Lock. Mr. W. J. Ensign opened the said Safe by picking the lock of the outside of the door in TEN MINUTES. The door of the steel vault by making a key from measurements taken from the outside thereof, while the said door was closed and locked, and by picking the combination lock (not using tools or [illegible]) in five hours and fifty seven minutes, being ONE HOUR AND THREE MINUTES WITHIN THE TIME HE WAS LIMITED TO.

The trial was made WITH THE CONSENT of MR. TILLMAN, who was APPRISED of the conditions thereof beforehand, and who, upon the above result being made known to him, at first offered to carry out his warrantee, by sending said safe and taking it off our hands.

I CANNOT, and do not, after witnessing the above operations, CONSIDER SAID LOCKS BURGLAR PROOF.

(Signed) ALEXANDER BOYD,
of BOYD & DAVIS,
209 Front street, San Francisco.
San Francisco, August 23, 1864. [illegible]

AS A SPRING REMEDY, to purify and cleanse the Blood, having it free from all humors and impurities, we assert with [illegible]

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system. Do you ask what will do this? We answer, Scovill's Blood and Liver Syrup. It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures.

New York Gold Quotations..........................242

Results of a Quartz Assay.—Our readers will remember the departure of Mr. Donovan for San Francisco recently with 1500 lbs. of rock from the *Home Ticket* lode in the Owyhee mining region, and they will also remember our allusions to it as being perhaps the richest lot of quartz ever taken from this section. Our statements are corroborated by a private telegram received from San Francisco, giving the results of an assay of that rock made by Messrs. Molitor, Assayers, showing it to yield in

Silver, to the ton..........................$6,707 61
Gold..........................389 12

Total value, per ton..........................$7,106 73

which is nearly $1,000 more than the richest assay ever made of the celebrated Gould & Curry of Washoe notoriety. One ton of the rock of this notorious claim was culled over and sent to Europe, which resulted in value to the sum of about $6,300. The rock taken below by Mr. Donovan was procured at the depth of about 18 feet on the discovery claim of the *Home Ticket* lode, and is only average rock, as we understand from reliable sources. Our citizens are deeply interested in the development of these mines, and all such evidences of their superiority over the renowned Washoe, will be received with gladness. An assayer now in the Owyhee region from Reese river, gives it as his opinion that this country has the richest rock, and the greatest amount of gold. Parties direct from Nevada and California, give us assurances that the greatest agitation exists all over those sections, and assures us that the masses are beginning to look to the mines of Oregon and Idaho as the paradise of all. Many who have followed the dictates of the California press, and become tired of the fickle chase of other sections, are now turning to the "northern mines." With all these evidences before us it is little wonder that our people should prepare for increasing prosperity, and if the signs, like Rory's dreams, do not "go by the contraries," the coming year will be livelier still in Portland, and throughout the regions of country about us.

School Matters.—At the School Meeting held on Friday evening at the public school house, the attendance was good. It was voted to raise a tax of one mill on the dollar for school purposes. The Board of Directors were instructed to prepare plans and make necessary arrangements for the erection of two new primary school houses in this city, and submit to the meeting in April next; at least that is the understanding; but we should suppose there [illegible] necessity for some more prompt action in the matter. The difficulties attending the crowded state of the public school should be remedied as soon as possible, and the winter season is decidedly the time to shorten the distance for younger scholars—for whose special benefit it is calculated the change may be made.

Treasure Drift.—The treasure drift indicates to a certain extent the prosperity of our miners, and is kept up in a steady and constant flow, with occasional strikes, such as appeared Saturday night, for instance, on the arrival of the steamer *Wilson G. Hunt* from the Cascades. Mr. West, (Wells, Fargo & Co.'s Messenger,) had in charge that evening over *eight hundred pounds in bullion*. Passengers by the same boat brought an aggregate amount equally as large. The demand for coin for the purchase of dust is at present very active. Among the shipments of treasure to-morrow will be a large amount from the Kootenai.

Stage Passengers.—The California Coach took away the following passengers yesterday morning:

Agent State Telegraph Company, H. L. Pittock, John McInley, A. Bushwiler, Q. A. Brooks, Judge J. F. McCoy, J. Fink, N. A. Holley, J. Hasberg, J. L. Harris, J. A. Farmer, L. Everts, — Fox.

The following were booked last evening for the trip to-day. When the Coaches reach the Capital there will be seats to spare:

W. B. May, Mrs. G. B. May, Judge M. P. Deady, W. Logan, Jas. Miller, L. Daughtner, G. R. Rodgers, J. W. Lewis.

Recorder's Court.—In Recorder's Court on Saturday last James McMillan appeared, charged with violent and disorderly conduct, to which he plead guilty, and on behalf of the city was remanded to jail for the term of ten days. He was also committed in failure of producing bail for his appearance at Circuit Court, held in answer to a charge of larceny. Judge McCoy left yesterday for the Capital, having taken the Senatorial mania.

Mazeppa.—At the close of the first part of the performance at Willamette Theatre to-night Hussy's Variety Troupe will commence a series of equestrian exercises, being a burlesque on the great attraction now regaling San Franciscans—*Mazeppa*, of which the press and the people of our sister city have so much to say at present. Mrs. Maggie will appear as *Mazeppa*, Miss Laurens as *Olinska*, and the wild and untamed steed *Young America*.

Our Carrier.—In order that it may be distinctly understood, we will again state that J. M. Doherty has no right title or interest in and to the carrying of the Morning Oregonian, on Route No. 1, being that portion of the city north of Alder street. The Route is now carried by Mr. G. W. Ballard, who will receive all collections and dues accruing since the 1st ult.

Again Located.—The Turn Verien Hall, which has been undergoing a series of contortions, traveling through the streets, and cutting up smash by the loss of its roof, was wheeled on to a block on First street, and is again located. We expect these little reverses will only tend to increase the ardor of the Association, and make the Turn Veriens show a greater degree of muscle and nerve.

Thanksgiving.—Services appropriate to the occasion of a general thanksgiving, in accordance with the proclamation of President Lincoln, were held by the various congregations of this city yesterday. Rev. H. C. Benson, D. D., delivered his first sermon at the M. E. Church.

From the States.—Our fellow townsman, Hiram Smith, completed another successful journey from the States overland, on Saturday night by the *Hunt*. He is a popular man for the good he is accomplishing for Oregon. He always brings with him a train of permanent settlers, and a fine lot of thoroughbred stock.

Going the Rounds.—Major General McDowell, having been the rounds in this section of the military department of the Pacific, is now stopping at Arrigoni's in this city, and accompanied by his staff officers will depart by steamship for California to-morrow evening.

Heavy Plums.—The choicest variety, and heaviest class of plums that we have recognized this season, were some grown in the orchard of a printer, our friend W. D. Carter, of this city. He has specimens of Coe's Golden Drop, measuring [illegible] inches in circumference. A pretty good product.

Correction.—In compiling the lists of contributors to the Navigation Improvement Fund for publication, we inadvertantly omitted the name of Dr. A. Davenport. The Doctor contributes twenty-five dollars.

Made the Riffle.—The steamer *[illegible]* accomplished her purpose on Saturday, and made a very satisfactory trip to Oregon City, passing through the channel now opened by the removal of the dam at Clackamas rapids.

Postponed.—In consequence of the bad weather prevailing on Saturday, the sale of *Rumpy* was deferred, at the auction of Mr. Richardson. The streets were too slippery for the exhibition of the animal.

Errata.—Our statement regarding the dedication of the new M. E. church edifice, near Rev. Clinton Kelly's, east of Portland, was a little premature. Sunday next, the 15th inst. is the time appointed.

Time of Departure.—The steamship *Sierra Nevada* is advertised to sail for Victoria and San Francisco to-morrow evening, at 6 o'clock.

Removed.—The telegraph office in this city was removed to Arrigoni's Hotel, on Saturday last.

Passengers per Sierra Nevada.—The steamship *Sierra Nevada*, Francis Connor Esq., Commander, arrived at the mouth of the Willamette river on Friday evening at 8 o'clock, three days out from San Francisco. She brings 172 tons of freight for Portland, and the following passengers:

[illegible]

G. L. MURDOCK, Purser.

Up Above.—The bark *Industry*, Capt. Gorno, will arrive to-day. She reached the mouth of the Willamette on Saturday evening, and a part of her cargo was brought up yesterday by the steamer *John H. Couch*, Capt. Holman.

The Brother Jonathan.—This steamship is announced to leave San Francisco on the *fifteenth*, via Victoria (*we presume*) for Portland. When there is a regular day of sailing established we will give it publicity with pleasure.

Boise Items.—From the Boise *News* of the 3d inst., we glean the following items:

Frank Kenyon, editor and proprietor of the *Golden Age*, has been appointed by Gov. Lyon Census Marshal in Idaho.

The Democratic Central Committee have nominated Edward Nugent Prosecuting Attorney *vice* J. C. Haskell, absent from the Territory.

Hugh Riddle, of Placerville, was robbed while asleep in his cabin near Centreville, on Wednesday night, of a purse containing $350.

Two large trains from Council Bluffs have arrived in the Boise Basin. One train of nineteen four mule teams, two tons each, owned by Jackson & Co., and one train of twelve ox wagons, owned by Ford & Co.; loaded principally with groceries.

The Salt Lake Saints have forwarded 23,000 pounds of butter to the Boise Basin.

Samuel Seaberry, while mining on Walla Walla bar, was killed or drowned by a slide of rock and gravel which dammed up the water so as to cover his body, where it was found among the rubbish. Deceased was a native of Maine, and leaves a wife in Portland, Oregon, who was expected to join him in a few weeks.

The engineers appointed to make survey and report upon the practicability of introducing the waters of the Payette river into the Boise Basin report that the line can be found on which a ditch of the contemplated size (twenty-five hundred inches) can be constructed with less than an expenditure of one and a quarter million dollars. The shortest line that can be obtained will not be less than forty-five miles in length.

Road Items.—J. Bledsoe, W. F. & Co.'s Messenger, left Placerville on Friday, last week, making the trip to Walla Walla and back to Placerville, inside of six days, with the express, having laid over one night in Walla Walla. During the passage by Greathouse & Co.'s stages, they experienced heavy rains—thunder and lightning on Powder and Payette rivers. The Stage Co.'s new road over the Blue Mountains, will be done in a few weeks. The pass is some thousand feet lower than the Indian Valley route. The Toll Road from Mann's Ranch to Birch creek, is open for travel.

Periodical Headache—so common in uncleared and marshy countries. Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmatic cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

Imitations are abroad. Be particular to enquire for *Dr. Osgood's India Cholagogue*. Sold everywhere.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

Redington & Co., San Francisco, Agents for the Pacific Coast.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequalled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitters, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy16d&w

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

The operation of this palatable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutricious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

THE SIGNS OF THE TIMES.—While news from the seat of war up to date is not exactly of such a nature as will satisfy the thoughtless and unreflecting, the tenor of it is, nevertheless, all that could be expected by those who are well informed in the premises and who do not allow their zeal to run away with their discretion. Unfortunately, we have a considerable number of the latter class of persons, interspersed among the loyal masses of the North, and as they, like all non-combatants and women, are apt to be blatant and loud in proportion to their insufficiency, they make themselves heard in a manner that one would hardly think the paucity of their numbers would justify, and sometimes succeed in producing the erroneous impression that they furnish an index to the feelings and views of the entire country, than which no error can be more gross and no impression more pregnant with untruth.

The rebel armies are in full flight down the valley of the Shenandoah, and whether they manage to escape with their plunder (which seems unlikely) or not, the certainty is that the valley will never more be allowed to be polluted by the presence of the rebels in arms, and this, their great source of supplies for cereals being cut off, and Richmond beleaguered as it will soon be, the ultimate result will be the same as the fate of Vicksburg. Sooner or later this will be the case. We should like to hear of the speedy downfall of the rebel capital, but we are too well aware of the multiform phases assumed by events between two large armies under wary leaders, and too well satisfied with the military skill and remarkable prudence of the Lieutenant General of the armies of the United States, to indulge in gloomy forebodings, merely because our views in regard to the movements of the Army of the Potomac do not seem to be verified by the immediate results.

In our financial relations the apprehensions indulged in by many on account of the resignation of Secretary Chase do not certainly seem to be verified by the present condition of the money market, which quotes gold at a lower price than has ruled for some time past. The present Secretary is, at all events, fully equal to the emergencies of his position, and will manage the financial affairs of the nation prudently, maintaining a consistently economic policy from first to last. The trash sometimes talked here to the effect that the decline in gold in this city is but local and temporarily caused by the Indian troubles eastward, is too silly to need an answer, and can impose on nobody but those so much habituated to being imposed upon that they have forgotten how to use their own judgment; and we are sorry to state that this community numbers its full share of such.

In fine, we think that in view of the magnitude of the war for freedom in which we are now engaged, we have great reason to be thankful that our prospect of final success is so certain, and that this war has hitherto been conducted so as to be productive to our own citizens of as little hardship and discomfort as ever yet fell to the lot of a people engaging in a civil war of such colossal proportions.—*Union Vedette.*

FATAL TIGER HUNT.—Capt. Wilmot, of the One-Hundred and sixth Foot, has been killed in a tiger hunt in the Boondie Hills. Captains Wilmot and Dawson had bagged nine, their leave had nearly expired, they had quitted the hills and congratulated each other that the trip had ended without a single accident—when, at near sunset of the day before last, intelligence was brought them that a tiger was at the foot of the hill. They at once proceeded to the spot and then 'waked' him up; both fired, and the tiger, severely wounded, sought refuge up the hill. Apparently without waiting to reload, both officers followed, taking the tiger's own path. Shoulder to shoulder, with a native carrying spare arms, and directed by traces of blood and the roaring of the brute, the two officers approached his lair on a patch of jungle on the hillside, when from a height the tiger sprang upon them, knocked both over, and seizing Wilmot carried him off towards his retreat, treating the unfortunate man as a cat does a rat. Captain Dawson appears to have discharged his second barrel in this scrimmage, and on recovering himself and looking around for the spare single he found that the native had bolted, carrying the weapon with him. Wilmot's rifle lay on the ground, one barrel still undischarged; with this Dawson destroyed the tiger. Dawson appears to think the absence of the spare gun did not effect the result, as in their struggle man and beast became so mixed up that he could not have fired a moment sooner than he did. During this struggle the agony of mind of poor Dawson may be conceived, as young Willmot called on him to fire and chance the consequence. During the whole of that miserable night, for 20 miles from village to village, on a charpoy carried on men's heads, Dawson escorted his wounded comrade, reaching Boolie a little after sunset. Everything which the kindest medical skill or sympathy dictated was done for the poor fellow on his arrival at Boolie, but his wounds soon proved fatal.—*Bombay Gazette.*

CHICAGO—CHARACTERISTIC RESOLUTIONS.—Our Eastern dispatches say that Wickliffe, the petulant and semi-traitorous Kentucky Representative, who for a year or two past has given all loyal men such offense in the United States House of Representatives, offered a resolution to the effect "that the first act of McClellan's administration shall be to throw open the prison doors and set the rebel prisoners free." It was cheered vociferously and passed unanimously. There is, however, one thing in the way of its realization, to wit: McClellan can never be elected. But if he should be there is scarcely a doubt that the vain little "grave-digger" would instantly allow the [illegible] of his traitorous masters, and allow every traitor, thief, robber, conspirator and spy who is now justly suffering in military prisons to escape, and again be loose for the destruction of the Union armies and the success of the rebellion. This is precisely what would most delight Wickliffe, Wood, Vallandigham, and every other treason monger in the North. The resolution was characteristic of the party, and it is not to be wondered that it passed unanimously. The loyal people of the country will see that it goes no further than Chicago.—*Stockton Independent.*

PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine,

THE PROOF OF ITS EFFICACY is so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER.

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1860, page 75.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr H. Anders & Co., Physicians and Chemists, New York.

Kendall's Amboline.

THE GREAT UNEQUALED PREPARATION FOR RESTORING, INVIGORATING, BEAUTIFYING, AND Dressing THE HAIR!

Is a Stimulating, Oily Extract of Barks and Herbs. It will cure all diseases of the scalp and itching of the head, entirely eradicates the dandruff, prevents the hair from falling out, or from turning prematurely gray, causing it to grow thick and long. It is entirely different from all other preparations, and can be relied on.

Put up in boxes containing two bottles—price, $1. Sold by all Druggists.

From the army hospital—the bloody battle field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REEDSLEY, WIS., Sept. 15, 1863.

* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me.
C. A. FLAUTE.

SALEM, WARSAW, O., July 28, 1863.

* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.
EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
NEW YORK, August 2, 1863.

"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. Respectfully, MRS. O. M. DEVOE."

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGGONER, Madrid, N. Y.

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.
Thy friend, ASA CURRIN, Philadelphia, Pa.

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV. J. S. CATHORN, Rochester, N. Y.

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.
SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O.

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business.
H. B. KINGSLEY, Cleveland, O.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway, N. Y.

etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions to the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure for the maladies above mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility, becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.
